

### **Description for Custom Embroidered Patch for Mountain Expedition**

This is a custom embroidered patch for mountain expedition, created by us for Polish Alpine Club Expedition 2010 – Muztagh Ata. The fine detailing, colour combination and flawless finish of the patch with the name of the club beautifully incorporated in it, itself substantiates our quality and perfection.

Club expedition patches are our specialty and we are known for the premium quality of such patches. Our promise is customized embroidered patches that will define the identity of your club and provide it a unique identity. The fine quality of our embroidery stitches can be easily adjudged by the good resolution of the small elements or detailing of the designs and the clarity in the edges of our patches is unmatched. We also replicate your logo design to perfection on the patch.

Custom embroidered patches are a renowned UK based company providing high quality digitized embroidered patches to its clients, since its establishment. Our fine quality design thread layouts help to provide the details of your club in a professional and artistic way. The small elements and detailing of embroidery provided on the patches are noticeable even from a distance. Our variety of embroidered patches includes both fully as well as partially embroidered patches. The prices of these patches vary according to the number of coloured threads and embroidery stitches used on them. So, get your mountain expedition patch customized from us and be ready for compliments for its superb finesse, detailing and appealing designs.
