

High School

Tutor Pace Learning Centre (TPLC) is a reputed online tutoring service provider and is renowned for offering excellent high school level coaching. We offer online tuition in a host of high school subjects including Algebra, Pre-Calculus, Geometry, Trigonometry, Statistics, Biology, Physics, and Chemistry. We also provide guidance for preparation of exams including ACT, GRE, SAT, and GMAT. Our highly qualified and experienced online tutors offer outstanding guidance to the students to handle every kind of exam. We have a team of tutors that are working as teachers, instructors, and lecturers in various reputed institutions, and are awarded with laurels in their respective field of education.

We offer study programmes that help students to understand the subjects in a systematic manner. After assessing student's current level knowledge, we provide study course that will help to fill the gap in his skills and improve his knowledge. Our online tuition is not only educative but also creative involving student in various types of brainstorming activities. We also invite students to take up online exams to measure their progress.

Understanding the level of education, we have designed our study plans that improve students' reasoning and cogitation skills. We offer study programmes that comply with international standards. We keep ourselves abreast with the changing education and exams patterns and accordingly give tips to our students on learning and attempting exams, effectively. Along with online tuition, we also offer proper guidance for attempting exams. Our personalized approach towards students gives them wide ambit to explore and understand their own capabilities, which in result makes them confident and independent.
